Designed website to create a form link.

Worked on Front End development using JavaScript.

For the designing part used HTML, CSS, ReactJs and JavaScript.

Worked as personal tutor from Aug 2017 to December 2019.

Internship:

Completed internship in web design from DGPRO TECHNOLOGY PVT. LTD. of 3 months.

Education Qualifications:

Qualification	School / College / University	Percentage /CGPA	Completion year
B.E	R.G.P.V BHOPAL	7.45	2017
Intermediate	M.P. Board	74.6	2013
Matriculation	M.P. Board	79.5	2011

Technical Skills:

HTML

CSS

JavaScript

React JS

Redux

Basics of Python

Projects:

Title : **ETAQ**
Client : NDA (Non-Discloser Agreement)
Environment : ReactJs, JavaScript, Redux, Bootstrap, NodeJS, Express Js, API's, Mongo DB
Description : ETAQ is a comprehensive and user-friendly timesheet application featuring multiple modules for streamlined organizational management. The application includes modules for efficient handling of remote work requests, leave management, finance tracking, and an interactive employee performance dashboard. Additionally, I implemented a user-friendly timesheet tracking system with secure authentication and access controls. The application's responsive design ensures accessibility and functionality across various devices, highlighting me, Expertise in front-end development and commitment to enhancing HR processes and Organizational efficiency.
Responsibility : Developed HTML5 pages based on ReactJS, JavaScript, Bootstrap.
Core team member of development team
Designing and development of various components and models.
Role : UI UX development

Title : **Intelsat inflight services.**
Client : Intelsat
Environment : ReactJs, JavaScript, Redux, Jenkins, Spinnaker, Spring boot, Jira, Lru, Jama, Confluence.
Details : air-to-ground (ATG) network is a cellular radio network (meaning that there is a hand-off when the aircraft moves between service areas) that has more than 200 towers in the continental U.S. and Canada. The ground stations consist of original Airphone air-ground phone relay stations and newer locations, using the 850 MHz ATG band.[14][15] Unlike terrestrial cell sites, ATG ground station project a directional signal up into the air where airplanes are, rather than downward, terrestrial users are. However, the short wavelength used allows segmentation and other cellular technologies in the same way that terrestrial cell phone technology works. The aircraft communicates with the ground stations through an antenna installed on the underbelly of the fuselage. Equipment in the aircraft's avionics bay converts between proprietary Gogo protocols and standard WiFi, which is distributed into the passenger cabin through multiple interior wireless access point nodes.
Role : UI UX development

Title : **Vehicle Dealership**
Client : NDA(Non-Discloser Agreement)
Environment : ReactJs, JavaScript, Redux, Bootstrap, NodeJS, Express Js, API's, MySQL
Description : This project has dealers wants them to view the Products available in their

region on application. The dealers should be able to view region-specific digital brochure - a list of the vehicles available in their region. Dealers should be able to view vehicle details along with color and variants available using intuitive images and videos. Dealers should also be able to generate leads inside the application by capturing minimal information.

Responsibility : Developed HTML5 pages based on ReactJS, JavaScript, Bootstrap.
Core team member of development team
Designing and development of various components and models.

Extra-Curriculum:

Represented School as the School red house in charge in the year 2012.
Actively Participated in "Blood Donation Camp" in G.R.K.I.S.T.

Strength:

Hard worker
Detail-oriented
Multitasker
Teamwork

Personal details:

Name	Suraj Kumar Upadhyay
Date of birth	30th June 1996
Language Proficiency	English, Hindi.

Declaration:

I hereby declare that the above-mentioned information is correct up to my knowledge and I bear the responsibility for the correctness of the above-mentioned particulars.

Place: Pune (Suraj Kumar Upadhyay)

Date:
